

Dear Miss Gee

I believe you are lucky to have me in your class because in the future, you'll be able to brag to your many friends that had taught one of history's greatest and most talented students. The reason why, is because you have set me on a track to a bright future and I am most grateful for it. Through your teachings, I have learned how to self-manage so I can relate with others and work as a team in future situations. The truth is that you'll be proud to have another person in your class who knows how to think with their heads. I'll also make to set a goal that shall pierce the heavens!

Yours sincerely

Richard
